ABOUT ME

Frontend Developer | React / Next.js Specialist with 4+ years of experience building high-performance web applications and SaaS platforms. Proven track record in developing services for Steam top-ups, SMS reception, Telegram bot automation, gift card marketplaces with full admin panels, crypto payment systems, and AI-powered SaaS generators. Experienced with React Native for mobile development and Flask for backend integrations. Strong background in full-stack development using Next.js, Tailwind CSS, and modern UI libraries. Adept at collaborating in cross-functional teams, solving complex technical challenges.

WORK EXPERIENCE

2022 – 2023

ProCoders

Trainee Frontend Developer
- Completed a trainee program focused on frontend development.
- Gained experience with Scrum methodology and teamwork in a professional environment.

February 2021 – May 2021

NWS Studio

React Developer
- Worked on client projects in small, cross-functional teams (PM, designer, backend devs).
- Developed scripts using JavaScript & TypeScript.
- Created responsive, dynamic web pages with React.
- Built mobile applications with React Native.

2021 – 2023

DEVE

React Developer → Project Lead
- Initially joined as a mid-level React Developer; promoted to Project Lead.
- Led and developed multiple complex projects:
- Steam top-up service
- SMS reception platform
- Telegram bots creation & automation service
- Gift card marketplace with full admin panel
- Crypto payment gateway
- Delivered multiple admin panels for vendors selling digital goods (gift cards, game keys).

2023 – Present

EDUCATION

NTU "KhPI"   2020 – 2024
Bachelor's Degree in Computer Engineering
